The Peculiar Old Mystery!

The Peculiar Old Mystery!

It was one of the peculiarities of the old-fashioned Doctors that they never would tell patients what they were prescribing for them. They said it would do the patients no good to know, and that it would only be gratifying a foolish curiosity. In order to keep patients from knowing, they would write the prescriptions in dog-Latin, so that most patients could not read them. All that sort of thing is now over. The patient wants to know what he takes. He is weak, and wants to be strong, or he is dyspeptic, and wants to digest well. Or he has a troublesome liver which he wants to put to rights. So he takes Brown's Iron Bitters about which there is no mystery at all. This is the best preparation of iron in the world, in combanation with gentle yet efficient tonics. It gives strength. It builds up enfeebled systems. It earther simpovershed blood. It removes leminine weaknesses. It casts out debility. It is what you want and your drawpist has it. 2

The Most Successful Remedy ever discovered as it is certain in its effects and does not blister. Read proof below.
